

NEW HANOVER COUNTY

HHS POLICIES & PROCEDURES

General Statutes pertaining to Immunizations

§ 130A-152. Immunization required.

- (a) Every child present in this State shall be immunized against diphtheria, tetanus, whooping cough, poliomyelitis, red measles (rubeola) and rubella. In addition, every child present in this State shall be immunized against any other disease upon a determination by the Commission that the immunization is in the interest of the public health. Every parent, guardian, person in loco parentis and person or agency, whether governmental or private, with legal custody of a child shall have the responsibility to ensure that the child has received the required immunization at the age required by the Commission. If a child has not received the required immunizations by the specified age, the responsible person shall obtain the required immunization for the child as soon as possible after the lack of the required immunization is determined.
- (b) Repealed by Session Laws 2002-179, s. 10, effective October 1, 2002.
- (c) The Commission shall adopt and the Department shall enforce rules concerning the implementation of the immunization program. The rules shall provide for:
- (1) The child's age at administration of each vaccine;
 - (2) The number of doses of each vaccine;
 - (3) Exemptions from the immunization requirements where medical practice suggests that immunization would not be in the best health interests of a specific category of children;
 - (4) The procedures and practices for administering the vaccine; and
 - (5) Redistribution of vaccines provided to local health departments.
 - (c1) The Commission for Public Health shall, pursuant to G.S. 130A-152 and G.S. 130A-433, adopt rules establishing reasonable fees for the administration of vaccines and rules limiting the requirements that can be placed on children, their parents, guardians, or custodians as a condition for receiving vaccines provided by the State. These rules shall become effective January 1, 1994.
 - (d) Only vaccine preparations which meet the standards of the United States Food and Drug Administration or its successor in licensing vaccines and are approved for use by the Commission may be used.
 - (e) When the Commission requires immunization against a disease not listed in paragraph (a) of this section, or requires an additional dose of a vaccine, the Commission is authorized to exempt from the new requirement children who are or who have been enrolled in school (K-12) on or before the effective date of the new requirement. (1957, c. 1357, s.

1; 1971, c. 191; 1973, c. 476, s. 128; c. 632, s. 1; 1975, c. 84; 1977, c. 160; 1979, c. 56, s. 1; 1983, c. 891, s. 2; 1985, c. 158; 1993, c. 321, s. 281(a); 2002-179, s. 10; 2007-182, s. 2.)

§ 130A-153. Obtaining immunization; reporting by local health departments; access to immunization information in patient records; immunization of minors.

- (a) The required immunization may be obtained from a physician licensed to practice medicine, from a local health department, or in the case of a person at least 18 years of age, from an immunizing pharmacist. Local health departments shall administer required and State-supplied immunizations at no cost to uninsured or underinsured patients with family incomes below two hundred percent (200%) of the federal poverty level. A local health department may redistribute these vaccines only in accordance with the rules of the Commission.
- (b) Local health departments shall file monthly immunization reports with the Department. The report shall be filed on forms prepared by the Department and shall state, at a minimum, each patient's age and the number of doses of each type of vaccine administered.
- (c) Immunization certificates and information concerning immunizations contained in medical or other records shall, upon request, be shared with the Department, local health departments, an immunizing pharmacist, and the patient's attending physician. In addition, an insurance institution, agent, or insurance support organization, as those terms are defined in G.S. 58-39-15, may share immunization information with the Department. The Commission may, for the purpose of assisting the Department in enforcing this Part, provide by rule that other persons may have access to immunization information, in whole or in part.
- (d) A physician or local health department may immunize a minor with the consent of a parent, guardian, or person standing in loco parentis to the minor. A physician or local health department may also immunize a minor who is presented for immunization by an adult who signs a statement that he or she is authorized by a parent, guardian, or person standing in loco parentis to the minor to obtain the immunization for the minor. (1957, c. 1357, s. 1; 1959, c. 177; 1965, c. 652; 1971, c. 191; 1973, c. 476, s. 128; 1979, c. 56, s. 1; 1983, c. 891, s. 2; 1985, c. 743, ss. 1, 2; 1993, c. 134, s. 1; 1999-110, s. 2; 2009-451, s. 10.29A(a); 2010-31, s. 10.13(b); 2013-246, s. 5.)

§ 130A-154. Certificate of immunization.

- (a) A physician or local health department administering a required vaccine shall give a certificate of immunization to the person who presented the child for immunization. The

certificate shall state the name of the child, the name of the child's parent, guardian, or person responsible for the child obtaining the required immunization, the address of the child and the parent, guardian or responsible person, the date of birth of the child, the sex of the child, the number of doses of the vaccine given, the date the doses were given, the name and address of the physician or local health department administering the required immunization and other relevant information required by the Commission.

- (b) Except as otherwise provided in this subsection, a person who received immunizations in a state other than North Carolina shall present an official certificate or record of immunization to the child care facility, school (K-12), or college or university. This certificate or record shall state the person's name, address, date of birth, and sex; the type and number of doses of administered vaccine; the dates of the first MMR and the last DTP and polio; the name and address of the physician or local health department administering the required immunization; and other relevant information required by the Commission. (1957, c. 1357, s. 1; 1959, c. 177; 1965, c. 652; 1971, c. 191; 1979, c. 56, s. 1; 1983, c. 891, s. 2; 1999-110, s. 3.)

§ 130A-155. Submission of certificate to child care facility, preschool and school authorities; record maintenance; reporting.

- (a) No child shall attend a school (pre K-12), whether public, private or religious, a child care facility as defined in G.S. 110-86(3), unless a certificate of immunization indicating that the child has received the immunizations required by G.S. 130A-152 is presented to the school or facility. The parent, guardian, or responsible person must present a certificate of immunization on the child's first day of attendance to the principal of the school or operator of the facility, as defined in G.S. 110-86(7). If a certificate of immunization is not presented on the first day, the principal or operator shall present a notice of deficiency to the parent, guardian or responsible person. The parent, guardian or responsible person shall have 30 calendar days from the first day of attendance to obtain the required immunization for the child. If the administration of vaccine in a series of doses given at medically approved intervals requires a period in excess of 30 calendar days, additional days upon certification by a physician may be allowed to obtain the required immunization. Upon termination of 30 calendar days or the extended period, the principal or operator shall not permit the child to attend the school or facility unless the required immunization has been obtained.
- (b) The school or child care facility shall maintain on file immunization records for all children attending the school or facility which contain the information required for a certificate of immunization as specified in G.S. 130A-154. These certificates shall be open to inspection by the Department and the local health department during normal business hours. When a child transfers to another school or facility, the school or facility which the child previously attended shall, upon request, send a copy of the child's immunization record at no charge to the school or facility to which the child has transferred.

- (c) The school shall file an annual immunization report with the Department by November 1. The child care facility shall file an immunization report annually with the Department. The report shall be filed on forms prepared by the Department and shall state the number of children attending the school or facility, the number of children who had not obtained the required immunization within 30 days of their first attendance, the number of children who received a medical exemption and the number of children who received a religious exemption.
- (d) Any adult who attends school (pre K-12), whether public, private or religious, shall obtain the immunizations required in G.S. 130A-152 and shall present to the school a certificate in accordance with this section. The physician or local health department administering a required vaccine to the adult shall give a certificate of immunization to the person. The certificate shall state the person's name, address, date of birth and sex; the number of doses of the vaccine given; the date the doses were given; the name and addresses of the physician or local health department administering the required immunization; and other relevant information required by the Commission. (1957, c. 1357, s. 1; 1959, c. 177; 1965, c. 652; 1971, c. 191; 1973, c. 632, s. 2; 1979, c. 56, s. 1; 1981, c. 44; 1983, c. 891, s. 2; 1997-506, s. 47; 1999-110, s. 4; 2007-187, s. 2.)

§ 130A-155.1. Submission of certificate to college or universities.

- (a) Except as otherwise provided in this section, no person shall attend a college or university, whether public, private, or religious, unless a certificate of immunization or a record of immunization from a high school located in North Carolina indicating that the person has received immunizations required by G.S. 130A-152 is presented to the college or university. The person shall present a certificate or record of immunization on or before the date the person first registers for a quarter or semester during which the student will reside on the campus or first registers for more than four traditional day credit hours to the registrar of the college or university. If a certificate or record of immunization is not in the possession of the college or university on the date of first registration, the college or university shall present a notice of deficiency to the student. The student shall have 30 calendar days from the date of the student's first registration to obtain the required immunization. If immunization requires a series of doses and the period necessary to give the vaccine at standard intervals extends beyond the date of the first registration, the student shall be allowed to attend the college or university upon written certification by a physician that the standard series is in progress. The physician shall state the time period needed to complete the series. Upon termination of this time period, the college or university shall not permit the student to continue in attendance unless the required immunization has been obtained.
- (b) The college or university shall maintain on file immunization records for all students attending the school which contain the information required for a certificate of immunization as specified in G.S. 130A-154. These certificates shall be open to inspection by the Department and the local health department during normal business

hours. When a student transfers to another college or university, the college or university which the student previously attended shall, upon request, send a copy of the student's immunization record at no charge to the college or university to which the student has transferred.

- (c) Within 60 calendar days after the commencement of a new school year, the college or university shall file an immunization report with the Department. The report shall be filed on forms prepared by the Department and shall state the number of students attending the school or facility, the number of students who had not obtained the required immunization within 30 days of their first attendance, the number of students who received a medical exemption and the number of students who received a religious exemption.
- (d) Repealed by Session Laws 1999-110, s. 5.
- (e) The provisions of this section shall not apply to:

- (1) Educational institutions established under Chapter 115D of the General Statutes.

- (2) Students residing off-campus and registering for any combination of:

- a. Off-campus courses.

- b. Evening courses.

- c. Weekend courses.

- d. No more than four traditional day credit hours in on-campus courses.

- (1985, c. 692, s. 1; 1987, c. 782, s. 17; 1991, c. 381, s. 1; 1999-110, s. 5; 2007-99, s. 1.)

§ 130A-156. Medical exemption.

The Commission for Public Health shall adopt by rule medical contraindications to immunizations required by G.S. 130A-152. If a physician licensed to practice medicine in this State certifies that a required immunization is or may be detrimental to a person's health due to the presence of one of the contraindications adopted by the Commission, the person is not required to receive the specified immunization as long as the contraindication persists. The State Health Director may, upon request by a physician licensed to practice medicine in this State, grant a medical exemption to a required immunization for a contraindication not on the list adopted by the Commission. (1957, c. 1357, s. 1; 1959, c. 177; 1965, c. 652; 1971, c. 191; 1979, c. 56, s. 1; 1983, c. 891, s. 2; 1987, c. 782, s. 18; 1989, c. 122; 1999-110, s. 6; 2007-182, s. 2.)

§ 130A-157. Religious exemption.

If the bona fide religious beliefs of an adult or the parent, guardian or person in loco parentis of a child are contrary to the immunization requirements contained in this Chapter, the adult or the child shall be exempt from the requirements. Upon submission of a written statement of the bona

vide religious beliefs and opposition to the immunization requirements, the person may attend the college, university, school or facility without presenting a certificate of immunization. (1957, c. 1357, s. 1; 1959, c. 177; 1965, c. 652; 1971, c. 191; 1979, c. 56, s. 1; 1983, c. 891, s. 2; 1985, c. 692, s. 2; 2002-179, s. 17.)
